Professional Summary

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization. Here mannympwanga (Emmanuel Mpwanga) (github.com) are programs in which I have worked on throughout my time at Hyperiondev and after I finished. The most challenging programs I faced was making Poised and Task Manger. I am a fast leaner I was able to leaner all the skills I have listed and create all those programs within 3 months which was the duration of my bootcamp at HyperionDev , I scored a 97% Overall . I am an aspiring Software Engineer who would love to grow and become one of the best.

Reference
Emmanual is an intelligent and hard working student. He has consistently displayed his ability to take
responsibility and follow out instructions given. In the last 3 years that I have known and taught him,
he has been pleasant and positive in his demeanor, and believe he will be of great value to any
employer.
Kind Regards
Zaine Higgins
